Statistics & Physics**

WISDOM

Women In Science Doing Outstanding Maths & Physics

There are many successful women who use mathematics (& physics) in a variety of interesting ways every day in their careers. Here we aim to give you (your Mum, Grandma, Auntie, Dad or other interested guardian) the opportunity to hear from and meet Women In Science Doing Outstanding Maths & Physics.

WHEN

Wednesday 12th June, 2024 4.30pm-7.30pm

WHERE

Herschel Building, Newcastle University.

CONTACT

Dr Kate Henderson:
kate.henderson2@ncl.ac.uk

TALKS INCLUDE

"Making waves as tall as skyscrapers using mathematics and a pinch of salt." *Dr Magda Carr*

"Rail and statistics: a platform for running and training fast-track algorithms" *Dr Alex Svalova*
