Dear Parent/Carer,

Virtual Parent & Carer Open Evening to DISCOVER!

I am delighted to share a message from Speakers for Schools with you.

**'Did you know that there are over 2.3 million jobs in the creative industries and the sector employs more people than the automotive sector, life sciences, oil and gas and aerospace combined? It's such a vast industry it's not surprising the different job roles and pathways are a mystery to many, but we want to change that.**

**Featuring professionals from a range of creative industries such as visual effects, film, craft, music and more, this series of open evenings will introduce some of the exciting career pathways available in this thriving sector and showcase opportunities for young people and their schools/colleges to gain more direct experience with employers.**

Speakers for Schools is a UK-wide charity that gives young people from state schools and colleges fully funded opportunities to meet leading and local employers and gain valuable insights. We offer a quick and easy way for your child to find and apply for virtual and in-person placements with leading employers such as Virgin, TikTok, Bentley Motors, Tesco, Boots, the NHS, Vodafone and Spotify.

We are delighted to be partnered with the **Discover! Creative Careers** programme led by ScreenSkills and supported by employers from across the creative sector. Never before have careers in the creative industries been more exciting, relevant or innovative.

We will be joined by top speakers from:

ScreenSkills

Clock Your Skills

Institute of Practitioners in Advertising'
